Objective: Our Basic Defensive Pistol class is an excellent introduction for new shooters, those with limited experience and/or desiring a comprehensive refresher. Our emphasis is to instill in our students a strong sense of safety, firearms proficiency, manipulation skill, and a tactical mindset, which we impart incrementally, beginning with your very first MV Tactical training course. Our instructors are skilled field operators with extensive experience teaching civilian students and law enforcement personnel. Our low student/instructor ratios (4 to 1 maximum) enhance safety and provide individual attention and quality of instruction.
